Posies

Karina Lemke takes pride in her ability to give an event a complete look. "We know every space in Toronto, and we know how to work it," she explains. A recent wedding had the discerning florist rely on blocks of vibrant colours, with large cylindrical vases wrapped in hot pink Indian silk and topped with rose domes in light tangerine. Drinking glasses were in gold and rose, and table linens in true magenta. All drew inspiration from the rich hues of the bridesmaids' Indian silk dresses.
